** Planning for inclement weather or other emergency district wide school closings: If the district must close schools for one-day due to inclement weather or an emergency, Monday, February 18th will be a regular school day. If the district must close for more than one day, this would necessitate the removal of days from spring break. If schools are closed for a second snow day, Monday, April 15th will be a regular school day. If schools are closed for a third snow day, Tuesday April 16th will be a regular school day. If four or more snow days must be made up, this will be a regular school day and the school year will be EXTENDED into the week of June 17th.
