**\* Planning for inclement weather or other emergency districtwide school closings: If the district must close schools for one-day due to inclement weather or an emergency, the last day of school will be June 15. If the district must close for more than one day, it must either apply to the state for a waiver to allow school to continue into the week of June 18 or remove days from spring break. If the district applies for a waiver and is denied, this would necessitate the removal of days from spring break. Without a state waiver, spring break would be shortened by the number of days required between March 26 and 29.**
